

Expand MediaScreen XL

Bring your message to your target audience.

Expand's Patented Magnetic connector allows the user to easily connect two or more displays together without tools or a ladder.

Expand MediaScreen XL

Expand MediaScreen XL is an extra wide, extra tall retractable display that is exceptionally suitable when your message needs to be seen from a distance. You can also easily create an even larger image by linking two or more displays, thanks to a magnetic connector at the top. Three 39 3/8" (100 cm) displays, for example, can fit in a 10 foot wide space and can reach up to 118 1/8" (3 m) high. Expand MediaScreen XL is perfect as a

back drop for displaying logos, images, marketing messages or information at trade shows, corporate meetings, press conferences and in shopping centers. Thanks to the extra height, your message reaches above the competition's. You can assemble Expand MediaScreen XL in less than a minute. It is delivered in a nylon bag for convenient and easy carrying and storage.

Width: 39 3/8" and 47 1/4" (100 & 120 cm)

Height: 78 3/4", 85 13/16", 98 3/8" and 118 1/8" (200, 218, 250 & 300 cm)
